

**OXYGENATED TITANIUM**

## F1 TI

A natural cork base with durable synthetic skirt featuring Oxygenated Titanium.

<b>Code:</b>	<b>Medium</b>
<b>White</b>	003763
<b>Yellow</b>	003766

### **OXYGENATED TITANIUM**

2009 sees the launch of the World's first synthetic shuttle durability technology. Oxygenated Titanium effects particles at the molecular level enhancing bond strength and increasing synthetic skirt durability (test over one hour simulated play).
